## Washington Gives Meaningful Advice at MCMI Assembly

*U.S. Marshall Kelvin Washington, center, with President Luns C. Richardson on the right, Director of MCMI, Cyndye Richburg, second row, right. Associate Professor, Dr. William Salyer, second row, center, Chairperson of the Division of Business Administration, Dr. Richard Smith, back row, second from right with students of the MCMI-Advanced Program.*

Mr. Kelvin Washington, U.S. Marshall for the District of South Carolina, gave a clear and meaningful message to the campus community at the Morris College Management Institute Advance Program Assembly on Thursday morning.

Washington applauded the students of the MCMI Program for their determination to pursue higher education while simultaneously managing employment and life's responsibilities as he spoke to the entire campus about, "How you become successful."

He spoke of hard work, self-discipline, self-respect and respect for others, stating, "You must set guidelines for yourself and the respect of others matters tremendously." Washington elaborated that he was surprised to discover that President Obama and officials at the federal level were aware of his work in South Carolina. He was informed that they knew of him by reputation, from his carriage and professional demeanor. He reiterated, "Your references will speak of you."

Washington added, "You must also have a spiritual life. Believe in something greater than yourself." He went on to caution, "Don't let others define you or your destination. Your background and trials are only stepping stones." He also spoke of the endless number of immigrants attempting to enter our country for a better education. He advised, "Do not take your right for an education for granted."

In closing, Washington urged students to go back to their communities, and in the words of Mahatma Gandhi, "Be the change you want to see..."

The MCMI students presented a beautiful program and made contributions to Project SHARE and the Fall Harvest Rally.

President Luns C. Richardson applauded the staff of the program for continuing to do a good job. He stated, "I have nothing but praise for the students who add a great deal to the academics of Morris College. You are a great inspiration to our

younger students. He advised the younger students, "You will do yourself well to spend time with the MCMI students and garner knowledge from them."

President Richardson said of U.S. Marshall, Kelvin Washington, "I respect him highly. He is a person of accomplishment and service." To the students he said, "Remember this advice is priceless."

President Richardson also recognized Ms. Margaret Mukooza, assistant director of the Learning Resource Center, for having attained her U.S. citizenship on Wednesday.

**Co-ops Corps Meeting**

The first Co-ops Corps meeting for the semester will be held on **Monday, January 28, 2013 at 4 p.m.** in the Film-Lecture Room in the Wilson-Booker Science Building. It is never too late to join the Morris College Co-ops Corps. Expand your career potential through Co-ops Corps.
