## ***THERE IS A KING IN YOU!***

You must discover who you really are. Those were the words that resonated throughout the room as the Reverend Dr. Ralph W. Canty Sr. inspired students to find the king within themselves. Canty, a notable Morris College alumnus, expressed his nostalgia for the institution and his appreciation being the chosen speaker for the Division of Business Administration and Phi Beta Lambda, Business Fraternity Inc. assembly. While

speaking of his humble beginnings, he expressed that he unapologetically, irrevocably loves Morris College. After his time at the institution, he went on to become ordained through the Wateree Baptist Association LD, a moderator of the Pee Dee Baptist Association, and a President of the Progressive National Baptists Convention Inc. He currently serves as a board member, Sumter school district #17, local advisory board for the Salvation Army, Manning Avenue Free Studio Board of Directors, and Pastor of Savannah Grove Baptist Church (Effingham, SC). Despite his many accomplishments, he sees even more to come from the current students of Morris College. Looking out upon the students, Canty impressed upon them his belief that there is greatness that lies within them.

Born to rule, born to ascend, born to rise to new heights, there are great opportunities that await the students of Morris College. Acknowledging the importance of purpose, he encouraged students never allow the people around you to determine what your assignment is going to be. There will be times where you go through things that you asked for and find that they are not what you need. There will be times where you will try and try again and still fail, but you must persevere because God will not give up on you when you are striving to reach your purpose. The Reverend Dr. Canty adequately expressed to students that they are a called group, "designated with great purpose because there is a king in you."

Our esteemed president, Dr. Luns C. Richardson commended Reverend Dr. Canty on his relentless fund raising efforts on the college's behalf. Additionally, he charged students to strive to pull out your inner king, for that is what college is all about. Posing the question, "If you don't have a king in you, what do you have?" Dr. Richardson ended the assembly giving students an opportunity to self-reflect and rise to the occasion.
